

14<sup>th</sup> May 1939

Dear Mr Walsh,

As suggested by you I did some calling on the list of prospective members you gave me. Mr. P. Kevin Tysen Arms gave me his subscription and is very keen. It is rather unfortunate that Mr. H. McDermott who is on buses is on late duty this week. I was speaking to him today and he knows personally quite a few who are interested. We agreed to let things rest until next week when he will be able to come with me and call on them. Dr. Murnane is at present in Corsica on holidays & is I believe keen on the League. E. J. Curran will also become a member. He is to come to the Social on Wednesday week. Mr. Ivor Collins who is a teacher can also be counted on. So I am beginning to think that when things get going in Hackney in about a fortnight they will not be second to Stamford Hill branch. H. McDermott is certainly the right man in

the right place and we can depend on him  
to do a good deal of reconstructive work within  
the next few weeks. You will understand  
why I thought it better to let the calling on  
any more over until I hear from W. Starnot.

You may be able to come to the social  
in Stanford Hill next Wednesday 17<sup>th</sup> when we  
could talk things over.

Yours Sincerely  
W. Starnot
